

PUBLIC NOTICE

Buffalo Pound Dam – Road Restrictions

The Water Security Agency (WSA) will be completing repairs to the embankment dam on the east end of Buffalo Pound Lake, north of the Control Structure. Work includes earthworks & excavation, rip rap and traffic gravel installation, and sheet piling.

The General Contractor is expected to mobilize to site in early September 2026, with sheet piling activities anticipated to begin in mid-September 2026. The embankment dam repairs are expected to take approximately 2 to 4 weeks to complete, with work anticipated to be completed in October 2026.

Traffic will be limited to one lane in the vicinity of the work and traffic flow will be subject to speed restrictions as well as interruption by flag persons or temporary traffic signals.

Commuters who may use this road are encouraged to find an alternate route while construction is taking place.
